Mana U3A Queries: u3amana@gmail.com

Hello to all Mana U3A Members

From Your President

Compiling an advance care plan in collaboration with your family and health providers is the only way I know to ensure that all your needs and wishes are met if you get sick, have an accident or contract a terminal illness. In my view all adults (of all ages) should have an advance care plan. Do you? See the Age Concern offer below.

We promised to put the draft revised Constitution on the website. It is now there with the changes tracked in red so it is very easy to see what is the same and what is different. Most of the changes are to comply with the new Incorporated Societies Act but some are updating to appropriate wording; eg we no longer use cheques; the distinction between Honorary and Life members has been confusing. Do have a look as members will be asked to ratify the new Constitution in February. If you have queries please contact me.

Kindest regards

Kay Phillips
